

24/25 Middle School Required Independent Reading

SUMMER INDEPENDENT READING INSTRUCTIONS

- Read the assigned book.
- Take at least 5 bullet-point notes on each chapter and include the chapter number or title.
- The notes should be about things you think are interesting, important, or they can be key ideas the author focuses on.
- You will use these notes on an OPEN-NOTE test in English class the first Monday of fall semester.
- Notes will be turned in with the test and will comprise a portion of the test grade. Notes may be typed or written legibly in order to earn credit.
- ALL work must be your own. Do not consult online sources or use AI to create your notes; that is considered cheating and will result in a zero on the entire test grade.
